Dear Ms. Kaminski:

**RE: CUPE LOCAL 2719 - MAPLES PERSONAL CARE HOME - INSPECTION**

We are writing to request a copy of any public health inspection reports from Maples Personal Care Home from September 2020 to-date, November 12, 2020.

On October 17, 2020, public inspectors conducted an unannounced inspection of Parkview Place as a result of the COVID-19 outbreak at that facility. Shortly after, the recommendations of the report were made public through the media.

That report contained important recommendations to the operator on improving the quality of care during the pandemic.

We understand that at least two unannounced inspections have taken place at Maples Personal Care Home in the past two weeks.

As the union representing support staff at both Parkview Place and Maples Personal Care Home, we would like to receive copies of any inspection report conducted at the site and request that these reports be made public.

We prefer to receive these reports through this medium, rather than through a long FIPPA process, as our members, the residents, and the public should have access to this timely information.

We look forward to our ongoing positive relationship, and as always, feel free to reach out to us on any topic.

Sincerely,
